St. Andrew's College in Winnipeg

OUR PATRON SAINT

St. Andrew, the Apostle of Greece, the Apostle of Scythia on his way from Sinope to Rome came up the course of Dnieper river with its lofty banks. He saw the heights of Kiev and on them he planted the first cross saying, "See you those hills? For on those hills shall hereafter shine forth the grace of God. There shall be a great city, and God shall cause many churches to rise within it."

THE PURPOSE OF THE COLLEGE

In their petition for the incorporation of St. Andrew's College in Winnipeg its founders had in mind an institution having as its object the maintaining and conducting of a residential and day College for the purpose of giving tuition in university and secondary education subjects, and in theology and in preparatory courses for each of them, and in general of promotion of knowledge according to the principles of the Christian religion.

THE ESTABLISHMENT OF THE COLLEGE

The first suggestion for the establishment of the College was made by Very Rev. S. W. Sawchuk at the Ministerial Conference at Winnipeg on June 25th, 1943, who made the first public announcement to that effect at St. Julien, Sask., on July 19th, 1943. In its first response this congregation collected \$472.25 on that date.

This example was followed by many parishes and public-spirited individuals in Canada until it was possible to raise sufficient funds for the purchase of a suitable building, furniture and the necessary equipment.

The College will open for the first time on September 4th, 1946, with an experienced staff, and modern accomodation. It is co-educational and special care will be given to the well-being of lady students who have their separate living quarters, but enter into the full life of the College.

Affiliation with the University will be sought in the near future. In the meantime, full Grade XI and Grade XII courses are provided, equivalent to the Junior and Senior matriculation or the First Year of the University. The College has the right to issue certificates in Theology and to confer degrees of B. D. in Theology. Full courses are provided for this purpose.

If sufficient room is available, in addition to Grades XI and XII and Theology students, arrangements may be made for admission of Grade X students and the Normal School students. Applications for admission, therefore, should be made as soon as possible.

Department of Theology

St. Andrew's College in Winnipeg provides courses of instruction leading to the Certificate in Theology and to the degree of Bachelor of Divinity as outlined in the schedule below. This arrangement will be in effect for two years. Students who register for the B. D. course after September 1st, 1948, will have to take a combined course leading to the degree of Bachelor of Arts and Bachelor of Divinity. The course will probably require six years after junior matriculation (Grade XI).

Students are strongly advised to complete the B. A. course first, but more mature students and the priests of the Ukrainian Greek Orthodox Church of Canada who wish to obtain a Certificate in Theology or a B. D. degree may, with the approval of the Senate, register for the courses before September 1st, 1948. Upon submission of evidence of equivalent standing, credits may be given for any subjects or classes in any year.

Upon completion of the first three years of the course, a Certificate in Theology will be given. The degree of B. D. will be conferred after the following requirements are met:

1. The completion of the fourth year of the Theology Course.
2. One year's ministry as an ordained priest of the Ukrainian Greek Orthodox Church of Canada.
3. Submission of a Thesis approved by the faculty.

The second condition need not apply to the priests already in the field on September 1st, 1946. Credits for Thesis may be given to the priests who have made outstanding contributions in the fields of literature or Theology.

It is hoped that the College will be able to provide summer courses and extra-mural courses to fulfil the aims outlined above.
